Group Depre NV - Vaart-Noord 11 - B 8730 Beernem - Belgium

TAKE ADVANTAGE OF OUR EXPERIENCE AND KNOWLEDGE

Feeding **pigs, fish, horses, shrimp, broilers, layers, breeders and cattle.**

Disposing of the largest range of proteins we produce concentrates ranging from **5 to 30% inclusion rate** in your complete feed.

Your private label or our own brand in 25 to 50 kg bags or big bags on pallets or stuffed in a 20' or 40' container.

Producing probably the best **extruded pre-starter** for pigs with the highest digestion and palatability, as well as with the perfect granulometry.

Fully automated plant with tracking and tracing monitoring every step of the process.

Located in the **Port of Antwerp** providing us direct access to all terminals of the major shipping lines and assuring the lowest logistical cost by barge or truck.

Worldwide shipping to **farms, integrators and dealers.**

In-house expertise with our team of nutritionists, veterinarians and farm managers.

Scientifically well-balanced feed with the objective of producing farm end products such as meat, eggs and milk at competitive prices.

Assuring the highest quality through a continuous update of matrix values based on analysis of incoming raw materials, our finished products in our laboratory and monitoring of undesirable substances (heavy metals, microbiological contaminations, ...) based on a HACCP risk assessment. We are certified according ACS & FCA standards.

Being part of a larger group selling 300.000 MT complete feed in Belgium, we have a **competitive raw material supply** chain.

Single point of contact for your purchase order.

Giving you **complete peace of mind** regarding documentation and logistics with your preferred shipping line.

Offering **EXW, FAS, FOB or CIF shipments** to your final destination.

WHY FEED CONCENTRATES MATTER FOR PIG HEALTH

Healthy pigs mean higher productivity and profits. Our feed concentrates, available in a range from 5% to 30%, are scientifically formulated to promote optimal growth while strengthening your pigs' immunity.

Key Benefits:

- ✓ Improved Growth: Faster weight gain and feed efficiency.
- ✓ Stronger Immunity: Reduced disease risks and mortality rates.
- ✓ Flexible Solutions: Our concentrates are tailored to your farm's needs and resources.

SUPPORTING HEALTH AND IMMUNITY

Why Immunity is Essential for Pigs

Diseases and poor health can severely impact farm profitability. Our concentrates are fortified with:

- Vitamins (A, D, E): Essential for a strong immune system.
- Minerals (Zinc, Selenium): Promote skin health and disease resistance.
- Amino Acids: Aid in recovery, muscle growth, and immune cell development.
- Probiotics and Prebiotics: Support gut health, which is critical for overall immunity.

Immunity-Boosting Ingredients in Every Feed:

- Fortified vitamins and minerals to protect against diseases.
- Prebiotics to enhance gut health and nutrient absorption.
- Omega-3 fatty acids to reduce inflammation and promote recovery.

Stronger Immunity Leads To:

- Lower mortality rates, especially in piglets.
- Reduced veterinary and medication costs.
- Improved growth and productivity even in challenging climates.

OUR RANGE OF CONCENTRATES

Nutrition Tailored to Every Stage of Pig Farming

Our feed concentrates are designed to meet the specific nutritional and immunity needs of pigs at different life stages:

1. Piglets: Boosts early immunity and supports rapid development

- Recommended concentrate: 20% to 30%.

2. Sows: Improves reproductive health and ensures strong, healthy piglets

- Recommended concentrate: 5% to 20%.

3. Fattening Pigs: Enhances weight gain while maintaining health

- Recommended concentrate: 5%, 10%, or 20%.

Concentrate Range:

- 5%: Ideal for cost-sensitive farmers using nutrient-rich local ingredients.
- 10%: Balanced formulation for moderate supplementation.
- 20%: High nutrient density for growth and health.
- 30%: Premium solution for maximum performance.

FEEDING FOR HEALTH AND GROWTH

Flexible and Cost-Effective Solutions

Mix our concentrates with locally available feed ingredients like maize, cassava, or crop residues. This approach reduces costs while maintaining high nutritional value.

Example Mix (for 10% Concentrate):

- 10 kg concentrate
- 40 kg maize or cassava
- 50 kg bran or crop residues

YOUR EXPERIENCED PARTNER WITH A PASSION FOR NUTRITION

DEDICATED TO YOUR SUCCESS

GROUP DEPRE Concentrates offers a complete range of concentrates, pre-starters, complete feed and raw materials for pigs, fish, horses, shrimp, broilers, layers, breeders and cattle. We specialize in the production of high protein concentrates tailored to your specifications in our strategically located plant in the Port of Antwerp.
